Responsibilities include:

- Visiting assigned center(s) at least 2 times during the season to complete a social emotional classroom screener.
- Presenting on mental health at 1 parent meeting.
- Observing children with mental health/behavioral concerns.
- Working with teachers and parents of children with mental health/behavioral concerns to create service plans for in the school and at home.
- When necessary, writing referrals to local mental health organizations for additional services.
- Creating partnerships with local mental health organizations.
- Meeting with pregnant mothers in our Early Head Start program to educate on postpartum depression if necessary.

Requirements for position:

- Master's degree or higher in social work, psychology, early childhood or related human services field.
- Professional liability insurance of \$3,000,000 annually (can provide upon employment).

Additional skills/experience preferred:

- Bi-lingual abilities in Spanish.
- Experience working with young children and their families.
- Prenatal/postpartum counseling experience.

Typical program operation runs from May until December.
